4.2. ESG Updates.

5. Resolutions:

5.1. Analysis of the Consolidated Financial Statements – 1Q25. After reviewing the presentation and the draft financial statements made available on the Company's governance portal, the members of the Supervisory Board requested that the external auditors join the meeting to present the findings of their work.

5.2. Presentation by the Independent Auditors on the Financial Statements – 1Q25. Caren introduced herself as a representative of PwC and provided an update on the audit work, highlighting the main topics discussed during the quarter: (i) sale of the Dunas unit to the subsidiary Yduqs Educacional; (ii) a change in the presentation of the operating segment note; and (iii) impacts resulting from academic performance in Enamed and possible consequences related to the initiation of proceedings by the MEC. She also provided an update on the unresolved issues, noting that these were matters already known to the company, with no significant new developments in the first quarter of 2026. In connection with the disclosures required by the external audit, Caren stated that the independent auditors are not aware of any facts that would lead them to believe that the interim, individual, and consolidated financial statements for 1Q26 were not prepared in accordance with CPC 21, IAS 34, and the regulations issued by the CVM. Caren then asked the members of the Supervisory Board whether there were any indications of fraud or irregularities to report, and they all replied in the negative. In the end, she confirmed that there were no obstacles to the disclosure of financial information on May 7, 2026. Finally, Regina asked about the expected delivery date for the internal controls report, to which Caren replied that the document is already with the Company for review and that the established deadline for delivery will be met.
