**NOTICE TO THE MARKET****Estácio Announces Permission to Open three new Medical Campuses Under the Mais Médicos II Government Program**

Estácio Participações SA ("Estácio" or "Companhia") - (B3: ESTC3; OTCQX: ECPCY) announces to the market and the general public that the company signed on January 21st the commitment term to open three new medical campuses linked to the Mais Médicos II Government Program. The medical campuses will be in the cities of Castanhal (PA), Canindé (CE) and Quixadá (CE) and are scheduled to open by the first half of 2020. Each campus will offer about 50 places for students per semester. These units will join the eight existing medical campuses, four of them announced after Mais Médicos I: Angra dos Reis (RJ), Juazeiro (BA), Alagoinhas (BA) and Jaraguá do Sul (SC), all going through maturing stage (their first intake was between 2017.2 and 2018.1).

This expansion of medical campuses, 20 years after the inauguration of the institution's first medical campus, reinforces Estácio's position as one of the leaders in medical education. In the following years, the new medical campuses may add other health courses such as Pharmacy, Physiotherapy, Dentistry, among others. The expansion of offers in health courses is part of Estácio's on-campus growth strategy.
