YDUQS PARTICIPAÇÕES S.A. (“Company”) – (B3: YDUQ3), in compliance with the guidelines issued by the CVM (Brazilian Securities Commission) and referring to the information disclosed via the Material Fact (“MF”) announcement of August 14, 2025, hereby informs its shareholders and the market in general that, through ordinance No. 664 of September 22, 2025, the Ministry of Education’s Department of Higher Education Regulation and Oversight (SERES) of the Ministry of Education (MEC) has authorized the undergraduate Medicine program at Unifametro's School of Medicine (“Fametro”), in Fortaleza (CE), with a total of 60 (sixty) annual seats. Fametro was acquired by the Company on August 14, 2025, as per the Material Fact.

The authorized seats are located in a high-demand region and present a substantial synergy with the existing On-campus business, as previously disclosed, thereby enabling the attainment of higher margins. The Company further emphasizes that the investment required for the medical school's operation at the unit has already been made.

The full potential of the IDOMED units, considering the new seats, will increase from 14.8 thousand to 15.3¹ thousand students.

The amount agreed upon in the Earn-out clause related to the acquisition of the authorized seats was R\$1.383² million per seat, totaling R\$82.980 million to be paid as follows: (i) (50%) fifty percent of the amount at the closing of the transaction; and (50%) fifty percent payable in 5 equal annual installments. The amount will be adjusted by the CDI (Interbank Deposit Certificate) rate.

The completion of the transaction is subject to precedent conditions, including approval by the Administrative Council for Economic Defense (CADE).

¹ Number of approved seats multiplied by six and adding the ProUni and Fies seats.

² The Company informs that the amount per seat to be potentially acquired through the Mais Médicos III program, as disclosed, is R\$1.0 million.
